# Price List of Choice Young Ornamental Trees, Shrubs *and* Vines For Planting in Nursery Rows

## THOMAS MEEHAN & SONS, INC. *Dresher, Montgomery County, Penna.*

We urge our regular customers to place their orders with us for this stock as early as possible, so that their lists may be filled complete. We anticipate our usual heavy demand for these plants, and customers who send their orders late are apt to be disappointed on many of the varieties which are in regular demand. Our stock will be of the usual good quality, such as we have furnished in the past. To those who have purchased this class of stock from us, it requires no recommendation. To others we can only say that our stock has given general satisfaction and a trial of it will prove its worth.

### TERMS

*Five plants of any one variety at the rate quoted per ten. Twenty-five at the hundred, and two hundred and fifty at the thousand rate. Prices net. No discount. Packing charged extra. If cash accompanies the order, packing will be free.*

# Nurserymen's Supplies

## RAFFIA

### **"RED STAR" BRAND**

This brand needs no recommendation—all nurserymen know it and almost every one uses it. It is the best brand on the market and cheap at the price. Do not forget that we guarantee every bale to be first-class quality, long, wide strands of good color and strength, and if a bale does not prove as represented, we take it back and refund the money.

### **IF YOU WANT THE BEST, ORDER "RED STAR" BRAND**

#### **PRICES "RED STAR" RAFFIA**

1 lb. @18c. per lb.	100 lbs. @10c. per lb.
25 lbs. @11c. "	2 Bales @8¼c. "
50 lbs. @10½c. "	5 Bales @8c. "
1 Bale (about 225 lbs.) at 8½c. per lb.	

Special prices for lots of ten and twenty bales.

### **"ARROW" BRAND**

For certain purposes, some nurserymen and dealers can use a grade of Raffia not so good as "RED STAR," if at a lower price. We frequently have inquiries for such a grade, and to supply this demand we have imported a shipment of "**Arrow**" Brand. This brand is not equal to "RED STAR," and we do not so offer it, but it has plenty of strength to its strands, and it is superior in every way to the so-called "Prime Quality" frequently offered on the market. "**Arrow**" Brand is just the grade for tying up bundles of small fruits, plants, asparagus, and for similar work.

#### **PRICES "ARROW" BRAND**

1 lb. @15c. per lb.	1 Bale (225 lbs.) @7½c. per lb.
25 lbs. @10c. "	2 Bales @7¼c. "
50 lbs. @9½c. "	5 Bales @7c. "
100 lbs. @9c. "	

Special prices for lots of ten and twenty bales.

DIRECT IMPORTERS OF RAFFIA

**DRESHER, MONTGOMERY CO., PA.**

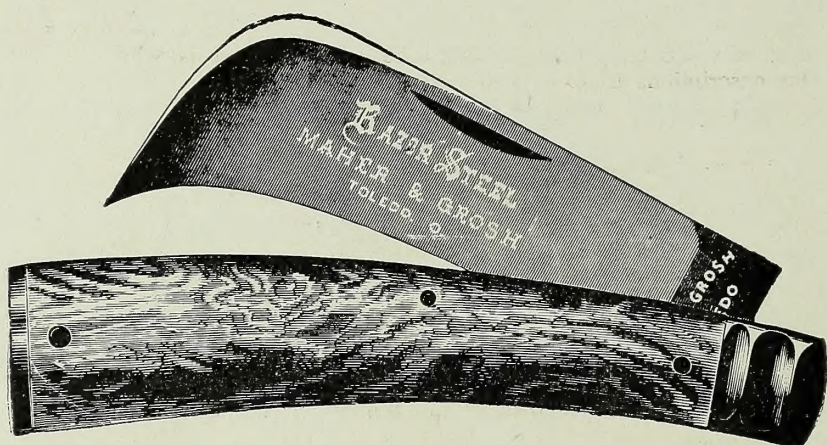

# Budding and Pruning Knives

For pruning and budding, nurserymen want good knives—ones that can be sharpened to a keen edge, and that will hold the edge. We being nurserymen, know just what is wanted, and can say that the knives we offer are especially adapted for their respective purposes. They contain the best razor steel (the celebrated Maher & Grosh make), and are of first-class workmanship throughout.

**PRUNING KNIFE "A"**

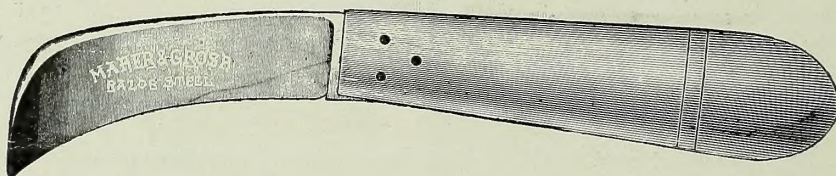

The best lightweight pruning knife on the market, a very handy knife and just right for general work. **Price, 75c. each; 6 for \$3.75.**

**PRUNING KNIFE "B"**

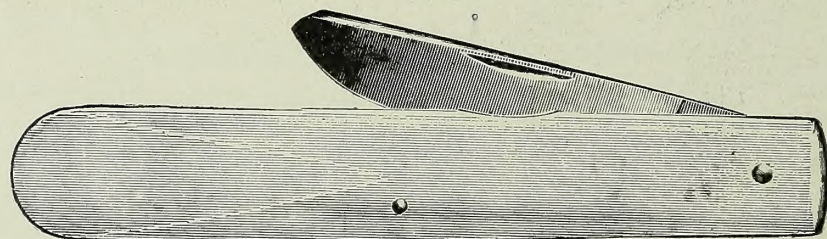

This knife is made for nurserymen who want a strong tool and a keen edge. It has a strong oil tempered blade, round handle and steel cap on the end; in fact, it is the strongest pruner made.

**Price, 85c. each; 6 for \$4.75.**

**PRUNING KNIFE "C"**

A pruning knife with a stationary handle. This knife contains a blade of excellent steel. It will be found to be a very serviceable knife. The prices are moderate. **Price, 50c. each; 6 for \$2.75.**

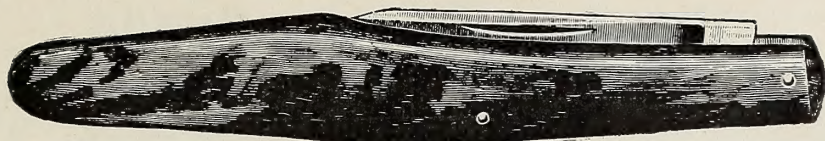

**SPECIAL BUDDING KNIFE**

This is a very fine budding knife—in fact, one of the best budding knives on the market. The blade closes and is of the very best razor steel. It has a smooth, polished, white bone handle, and tapered at the end for raising the bark. It is very neat and handy. A knife well worth the price. **Price, 50c. each; 6 for \$2.75.**

## Budding Knives—continued.

### BUDDING KNIFE "D"

Next to the "Special" here is the knife for budders. Has a cocoa handle, a razor steel blade which closes, and the end of the handle is tapered to form a wedge for raising the bark.

Price, 35c. each; 6 for \$2.00.

### BUDDING KNIFE "C"

For anyone wanting a budding knife with a stationary blade, we recommend this knife to contain steel of high temper equal to any razor.

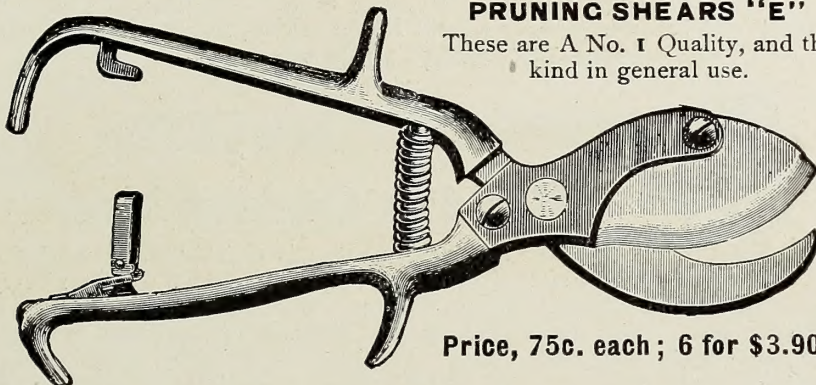

Price, 25c. each; 6 for \$1.30.

## Pruning Shears

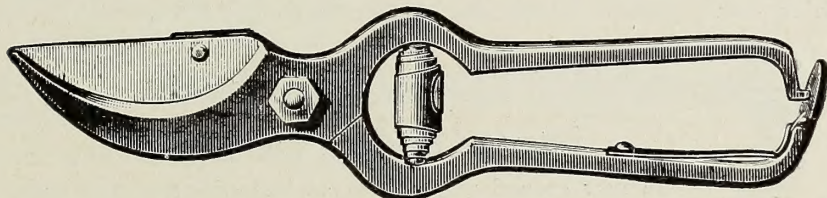

Where there is any pruning to be done, a pair of pruning shears are very handy—in fact, almost necessary. It is a pleasure to use good tools, so when you order pruning shears, order the best—that is what we offer. Our descriptions are exactly in accordance with our goods. We have two grades of pruning shears.

### PRUNING SHEARS "E"

These are A No. 1 Quality, and the kind in general use.

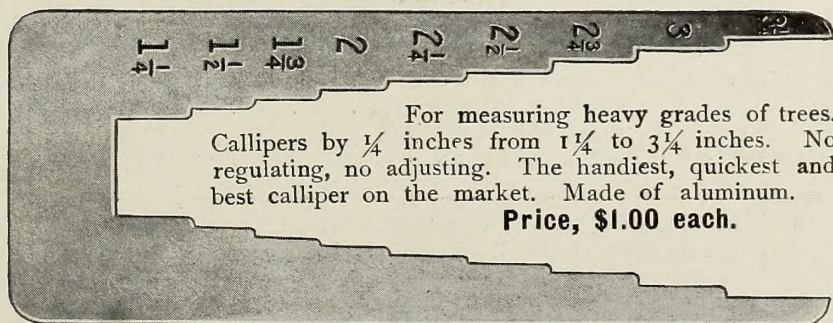

Price, 75c. each; 6 for \$3.90.

### PRUNING SHEARS "F"

This is a forged steel pruner; patent spring of wonderfully easy, but powerful working capacity. This pruning shears will outwear two of any other style. Price, \$1.00 each; 6 for \$5.75.

## The "Handy" Tree Calliper

For measuring heavy grades of trees. Callipers by  $\frac{1}{4}$  inches from  $1\frac{1}{4}$  to  $3\frac{1}{4}$  inches. No regulating, no adjusting. The handiest, quickest and best calliper on the market. Made of aluminum.

Price, \$1.00 each.

### THE "HANDY JR." TREE CALLIPER

Exactly like the above, but callipers only from  $\frac{2}{16}$  inch up to 1 inch.

Price, 65 cents each.

## The Best Nursery Spade

Either Square or Taper Blade

Send Your Order Now. Don't Leave It Too Late

**D Handle, Double Strap, Reinforced Nursery Spade. Weight, 9¼ lbs.**

We have experimented with a number of different makes of nursery spades, but find this to be the strongest, best and most durable on the market. We have been using this spade for a number of years, and it will stand more hard work than any other make. It is strapped full length of handle, both back and front, and half way up it has double straps, strengthening it in what otherwise would be its weakest parts. When ordering state if straight or taper blade is wanted. **\$1.50 each; \$17.50 per doz.**

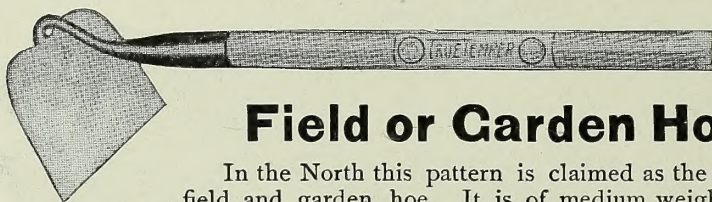

## "Dig Ezy" Nursery Hoe

For general nursery purposes and particularly for hoeing where plants are set close in nursery rows and the soil is

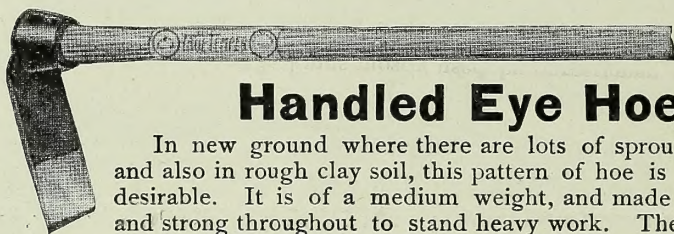

light, there is no tool equal to the "Dig Ezy" hoe. It is not an experiment, as this hoe has been in use in nurseries for some time. For use among small fruits, cuttings and herbaceous plants, it is unquestionably the best tool for the purpose. It is made of the best material, double riveted and balanced exactly right. Blades are 1¾ and 3½ inches wide.

**Price, 65c. each; \$5.50 per dozen.**

## Field or Garden Hoe

In the North this pattern is claimed as the standard field and garden hoe. It is of medium weight, nicely constructed, and is hung in correct balance. For general purposes this is the best hoe. They are made of the best material and will outwear two or three ordinary grades of hoes. The blade is 8 inches wide. After trying different makes of hoes, we have found it economy to use this one in our own nurseries. **Price, 55c. each; \$6.00 per dozen.**

## Handled Eye Hoe

In new ground where there are lots of sprouts and roots, and also in rough clay soil, this pattern of hoe is particularly desirable. It is of a medium weight, and made extra heavy and strong throughout to stand heavy work. The blades are 4 inches wide. **Price, 60c. each; \$6.50 per dozen.**

## Labels

The following are the kinds mostly used by nurserymen. For 10,000 or more we allow a discount of 10 per cent. 1,000 of 3½-inch and 100 6-inch in a package. Not less than a full package sold.

3½-inch, notched, iron-wired, painted	.	.	.	\$1.00 per 1000
3½ " " copper-wired, painted	.	.	.	1.25 "
6 " " painted, but not wired	.	.	.	2.35 "
6 " " not painted nor wired	.	.	.	1.75 "

Write for our catalogue of Trees, Shrubs, Evergreens, etc. Also copy of our list offering small stock suitable for lining out in Nursery rows.

## Hydrangea paniculata grandiflora

Strong One Year Plants for Setting in Nursery Rows

Our strong one year plants are equal in size and vigor to the two year imported cuttings, and the percentage of loss in transplanting is far less. We have only a limited quantity to offer this year. Order at once. Shipment can be made at any time.

Price 50c. per 10; \$2.25 per 100; \$20.00 per 1000.
